

Quality Policy Statement

Introduction

JSD Research & Development Ltd. provide a high quality customer service for the seasonal treatment of the railway infrastructure. This includes the control of weeds, autumn railhead treatment, project management & specialist engineering projects.

Policy Statement

The policy of the company is compatible with its objectives and commits it to comply with the requirements of its Quality Management System and continual improvement upon its effectiveness. JSD Research & Development Ltd. have no involvement with design in any physical product and only a portion of its operations and therefore partially excludes itself from Clause 8.3 of section 8 ISO 9001:2015.

Our policy provides a framework for establishing and reviewing our quality objectives, which are:

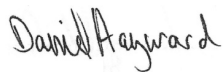

- Achieve customer satisfaction, within the KPI elements of a contract.
- Respond to customer feedback within five working days, where corrective, preventive or improvement actions are agreed.
- Increase or, at least, maintain our customer base.

This Policy and its objectives have been communicated, and are understood throughout the company and are reviewed for continuing suitability in meeting the requirements of company's customers' and the ISO 9001:2015 Quality Management Systems.

As the management representative, the Head of Safety is responsible for ensuring that the requirements of the Quality Management System are adhered to throughout the company by all employees, who take responsibility for their own work.
